

The Dealer Bond + Garage Liability Bundle

How Nevada and Colorado motor vehicle dealers stack the DMV bond, garage liability, and open-lot coverage into one renewal calendar — and what each policy actually does at claim time.

What's inside	
1.	The three policies every licensed dealer needs
2.	How much each piece costs in NV & CO
3.	Why bundling beats buying piecemeal
4.	DMV filing checklist — used / new / motorcycle / trailer
5.	Bundle quote worksheet

1. The three policies every licensed dealer needs

Motor Vehicle Dealer Bond (the surety bond)

Required by the Nevada DMV and the Colorado Auto Industry Division before a dealer license is issued or renewed. It protects the public and the state — not your business — by guaranteeing you'll transfer titles honestly, pay sales tax, and follow consumer-protection law. **NV used / new:** \$100,000 limit. **NV motorcycle / trailer:** \$10,000 limit. **CO motor vehicle dealer:** \$50,000 limit. Typical premium: 1–3% of the bond limit for prime credit.

Garage Liability

This is your business liability policy. It covers bodily injury and property damage arising from dealership operations and from customer and employee test drives. Dealer plates are typically covered as drive-other-car under this policy. Without it, every test drive is an uninsured loss waiting to happen.

Dealer Open Lot (Garage Keepers / Inventory)

Covers physical damage to the vehicles you own and hold for sale — hail, theft, vandalism, collision on the lot, and weather. Underwriters rate this against your maximum inventory value, lot security, and loss history. Pair this with employee dishonesty if you have W-2 staff handling cash, titles, or keys.

2. What each piece costs (typical NV / CO ranges)

Coverage	Nevada	Colorado	Notes
Dealer Bond (used / new)	\$500–\$1,500/yr	\$500–\$1,500/yr	1–3% of \$100K (NV) / \$50K (CO)
Dealer Bond (motorcycle/trailer)	\$100–\$300/yr	n/a	1–3% of \$10K NV limit

Garage Liability	\$1,800–\$4,500/yr	\$1,800–\$4,500/yr	Rated on staff, sales volume, dealer plates
Dealer Open Lot	\$1,200–\$5,000/yr	\$1,200–\$5,000/yr	Rated on max inventory value & security
Employee Dishonesty	\$200–\$600/yr	\$200–\$600/yr	Per \$25K–\$100K limit, W-2 employees

Ranges are illustrative of XPRT's recent placements. Final pricing varies by credit, experience, claims history, lot security, and carrier appetite.

3. Why bundling beats buying piecemeal

One renewal calendar. Bond, garage liability, and open lot all renew on a coordinated schedule — no surprise lapse that kills your DMV license.

One certificate desk. DMV filings, manufacturer COI requests, and floorplan-lender certificates all routed through the same agent.

Credit for stacked exposure. Carriers that write both garage liability and open lot will discount the package vs. monoline placement.

Faster claims handoff. A test-drive collision touches the bond (consumer protection), the liability policy (bodily injury / property damage), and the open lot (damage to your unit). One agent triages all three.

Bilingual support. Roni and the XPRT team handle the entire bundle in English and Spanish — important when most of your buyers, drivers, and porters are bilingual.

4. DMV filing checklist

Use this before you submit your NV DMV or CO Auto Industry Division application. Missing one item is the #1 reason dealer licenses get kicked back.

- Legal business name, DBA, and entity type (LLC / Corp / sole prop) — must match the bond and the liability policy exactly.
- EIN and Nevada or Colorado Secretary of State filing number.
- Physical lot address with zoning approval (NV requires a permanent structure with office, sign, and display area).
- Owner / officer information for every person with 10%+ ownership — needed for bond indemnity.
- Surety bond original or electronic filing (XPRT files digitally with NV DMV same-day).
- Garage liability certificate listing the DMV / state agency as certificate holder.
- Dealer plate count requested (each plate is rated on the liability policy).
- Max inventory value at any one time — drives the open-lot limit.
- Background-check authorization for all listed principals.
- Sales tax permit number (NV) or sales-tax license (CO).

5. Bundle quote worksheet

Fill this out before your call with XPRT — we can quote the full stack in one sitting once we have these numbers.

Item	Your answer
State (NV / CO)	
Dealer type (used / new / motorcycle / trailer / wholesale)	
Estimated annual gross sales	
Maximum inventory value held at one time	
Number of dealer plates needed	
Number of W-2 employees	
Lot security (fence / lighting / cameras / alarm)	
Years of dealer experience for principal(s)	
Any prior bond claims or liability losses in last 5 years?	
Floorplan lender (if any)	
Target start date for license
